

The 11th International Conference on Advanced Information Technologies The 7th Forum on Taiwan Association for Web Intelligence Consortium AIT/WIC-Forum 2017 Call for Paper

The 11th AIT, International Conference on Advanced Information Technologies (AIT 2017) and The 7th Forum on Taiwan Association for Web Intelligence Consortium (WIC-Forum 2017) will be held in Chaoyang University of Technology, Taichung, Taiwan on April 22, 2017. The theme is “Internet of Things and Smart Life.” The rapid advancement and ubiquitous penetration of hyperconnected world have been enabling sensing, predicting and controlling of physical world with information technology. Every business process can be empowered, and therefore, various industries redesign their business models and processes along Internet of Things (IoT) paradigm. AIT 2017 & WIC-Forum 2017 will create a stage for exchanging the new research ideas as well as results, and sharing the novel services provided in smart and hyperconnected environments (e.g., smart cities, Internet of Things). It is warmly welcomed that the academic, industrial and relevant research institutes to submit their latest academic and research achievements to this conference. Please visit <http://ait.inf.cyut.edu.tw/> for more information about the conference.

Scope of interest:

The conference aims to provide a forum for presentations and discussions of the recent methodological advances in the state-of-the-art smart experiences, technologies, and applications. The topics of the conference include, but are not limited to:

Information Technology Theory and Applications	Communication Network Technology and Applications	Business Intelligence and Knowledge Management
<ul style="list-style-type: none"> - RFID - Artificial Intelligent - Machine Learning - Neural Network - Multimedia Applications - Image Related - Information Hiding - Pattern Recognition - Fuzzy Logic - Distributed Systems - Object Oriental Technology - Software Engineering - Bio-informatics - Computational Intelligence - Collaboration E-Learning - System Optimization - Genetic Algorithm - Embedded System - SoC Design - Information Technology Related Issues 	<ul style="list-style-type: none"> - Network Marketing - Mobile Computing - Mobile Networking and Communicating - High Speed Network - Digital Communication - Wireless Network - Satellite Communication - Digital Signal Process - Network Security - High Speed Access Network - Optical Switch Network - Speech Recognition - Sensor Network - Network Management - Collaboration Technology - Distribution Process System - Network Design and Analysis - Communication Network Related Issues 	<ul style="list-style-type: none"> - Database Management - ERP - Logistic Management - Supply Chain Decision - Information Security - Intelligence on the Web - Decision Support System - Software Quality Management - Social Network Analysis - EDI - Electronic Commerce Decision - Date Mining - Expert System - Information Extraction - Mobile Commerce - Global Logistics Management - Knowledge Management - Information Management Related Issues - Research in Teaching - Industry-university Practices and Technology Applications

Paper Submission:

Please send your papers via the online submission system at <http://ait.inf.cyut.edu.tw/> before the due date. If encountering any network problem keeping you from submissions, please email your electronic manuscripts to <mailto:ice@cyut.edu.tw> with the title “**Submission for AIT/WIC-Forum 2017.**” On a separated sheet, please outline the author's name, affiliation, author's title, email address, telephone number, zip code and mailing address. According to the academic convention, all manuscripts should not be published.

Paper Format:

The manuscript must be written in either Chinese or English on A4-size PDF format. For each manuscript, there is a 20-page limitation. The first page should include the following information:

a: Contribution field, b: Title (Topic of the thesis), c: Abstract (up to 300-words), d: Corresponding Author, e: Keywords, f: Name(s) of the author(s), affiliation, mailing address, zip code, telephone and fax number, and email address, g: Project number, if funded by The Ministry of Education or The Ministry of Science and Technology.

Presentation: Oral or Post

Honorary Chair: Tao-Ming Cheng, President of Chaoyang University of Technology

General Chair: Li-Hua Li, Dean of College of Informatics, Chaoyang University of Technology (CYUT)

Forum Chair: Jui-Fang Chang, Chairman of Taiwan

Association for Web Intelligence Consortium

Program Chairs: Jiun-Jian Liaw and Hsin-Ying Liang

Contact: Miss Lin

TEL: 886-4-23323000 Ext. 7243, E-mail: ice@cyut.edu.tw

Organizers:

College of Informatics, CYUT

Dept. of Information and Communication Engineering, CYUT

Advisors:

Ministry of Education 105 school year to promote the diversification of teachers and other key institutions of the school system

Co-Organizers:

Taiwan Association for Web Intelligence Consortium (WIC)

Department of Information Management, CYUT

Department of Computer Science and Information Engineering, CYUT

Important Dates:

2017/01/18 Submission deadline

2017/03/02 Acceptance notification

2017/03/13 Camera-ready manuscript submission deadline

2017/04/22 Conference Date

Extended versions of selected papers will be published in the following journals:

International Journal of Advanced Information Technologies (IJAIT)

International Journal of Applied Science and Engineering (IJASE)
